

## Policy Regarding COVID-19 (03/20/2020)

Our dedication to the families we serve, and our community is always our priority. In an effort to adhere to mandates that have been set by Governor Hogan for the state of Maryland and the Center for Disease Control, viewings and funerals will be limited to 10 people.

We invite any questions and will provide your family with several options to honor your loved one, while keeping your family safe. We ask for understanding and cooperation as new guidelines arise daily, while we anticipate this pandemic coming to an end.

Our priority is helping and serving families in their time of need and we are here all hours of the day to assist you.

Thanks!
